

Roles, Responsibilities and Competencies (RRC)

The draft Roles, Responsibilities, and Competencies (RRC) of Engineering Practitioners, prepared by the Council in accordance with Clause 39(2)(e) of the Engineering Council Act, is presented below.

The draft RRC will be placed under stakeholder and public observations and suggestions for a period of three (3) months, until 20 May 2026, to obtain feedback and comments from relevant stakeholders and public.

Stakeholders and public are kindly invited to submit their observations and suggestions via email to registrar@ecsl.gov.lk, using the subject line **“RRC Comments”**

All submissions received within the stipulated period will be reviewed by the Council. Where appropriate, necessary revisions will be incorporated prior to the finalization and implementation of the RRC framework.
